

## The Smart Guide to Biology

By Anne Maczulak

Smart Guide Publications Inc., United States, 2012. Paperback. Book Condition: New. 231 x 190 mm. Language: English . Brand New Book. From single cells to large, complex ecosystems, biology and ecology expert Anne Maczulak covers the major topics in biology in this enjoyable guide. As they work their way through the book, readers are introduced to the structure of the cells that make up the human body; microorganisms, fungi, algae, protists, and plants and animals; the principles of genetics; the body's major tissues, organs, and systems; the body's biochemistry; and ecology and ecosystems. The Smart Guide to Biology reveals the relevance of biology to everyday life by explaining how the body works and uses food; how people fit into food chains; how nutrients are cycled through the air, soil, water, and the human body; and how stress affects the body's normal functioning, among other topics.
