Audible Studios on Brilliance, 2017. CD-Audio. Condition: New. Unabridged. Language: English . Brand New. She kept moving forward. She didn't stop. She didn't look back. Lily was abducted from outside her high school gates. For eight long years, she's been locked away from the outside world. During that time she's changed from a girl into a woman. She's had a baby. And now she has seized her chance and escaped. Running for her life, with her daughter in her arms, she returns to her family and the life she used to know - to her much-loved twin sister, Abby; her mum; her high school boyfriend - and her freedom. But is it possible to go back? Lily's perfect life as a teenager doesn't exist anymore. Since she's been gone, her family's lives have changed, too, in ways she never could have imagined. Her return, and the revelation of who took her, will send shock waves through the whole community. Impossible not to listen to in one sitting, *Baby Doll* is a taut psychological thriller that focuses on family entanglements and the evil that can hide behind a benign facade.
