

Wood Residue from Primary Wood-Using Industries in California (Classic Reprint) (Hardback)

By Richard H May

Forgotten Books, 2018. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Wood Residue From Primary Wood-Using Industries in California Not all of this wood can be used economically. Some is produced in plants with too low a volume, or too isolated, to pay the cost of collecting and transporting the wood to fiber industries.

Nevertheless, the survey shows that most of the unused wood is concentrated in four sections of northern California and is strategically located to encourage development of new residue using industries. They could create new jobs and income without requiring an increased drain on the state's timber resources.
