

Psychobabble and Biobunk: Using Psychological Science to Think Critically About Popular Psychology (Paperback)

By Carol Tavris

Pearson Education (US), United States, 2010. Paperback. Condition: New. 3rd edition. Language: English . Brand New Book. This revised and updated handbook features a selection of essay-style book reviews by Carol Tavris, written for the Times Literary Supplement, The Chronicle of Higher Education, American Scientist, and The New York Times Book Review. Students can be asked to write or present their own points of view on a topic, drawing on other research and the guidelines of critical thinking (defined and described in a prefatory Note to the Reader) to support their conclusions. Although these reviews can be used in many social science and composition courses, the topics covered and the critical-thinking guidelines that apply to them correspond to specific material in Carole Wade and Carol Tavris...
