Excerpt from Suggestive Plantings, 1923: A Collection of Pictures and Suggestions for Plantings That Will Give the Home Owner an Idea of the Effect They Can Achieve by Proper Planting of Suitable Shrubs and Trees The principles of proper plantings are not hard to master. Varieties should be planted in groups, and in small grounds nothing more elaborate than a planting of a few varieties should be attempted, with enough massing to dominate the grounds when in bloom. Care should be taken in the selection of varieties that will content themselves within the space, shade, moisture and soil conditions which you have to offer them, rather than because you have admired the beauty of form, foliage or bloom of the plants in other locations. The plants themselves should be grouped to harmonize as to color if their blooming period comes at the same time, and as to height and foliage as well. Rugged, quickly growing plants with rough foliage and brilliant but coarse flowers should be used at a distance for effect, reserving the finer and more delicate plants for the nearby...
